

Hereby certifies that

Van Clothier

has earned the designation of

Certified Water Harvesting Practitioner

by completing the Watershed Management Group Water Harvesting Design Certification course, comprised of 50 hours of lectures and hands-on training in integrated design, cisterns, greywater systems, earthworks, food production and native plants; and by demonstrating knowledge of these practices required for their successful implementation.

A handwritten signature in black ink, appearing to read "Catlow Shipek", written over a horizontal line.
